Obituary

NANCY A. FAZZARY, age 80, of Watkins Glen, NY passed away peacefully on Tuesday, April 9, 2024, surrounded by her family. Nancy was born in Buffalo, NY, on October 30, 1943.

Nancy married Dominick "Art" Fazzary in February, 1962. They worked together driving taxi at Watkins Glen State Park for several years before taking over La-

Faces in 1972, changing its name to "Art & Nancy's". This is where Nancy not only mothered her own 5 children, but also the numerous young people who frequented their establishment. Nancy never hesitated to "hold a tab" for anyone. Art & Nancy's was often referred to many as "the store" where it gave many parents peace of mind knowing their children were chaperoned while hanging out with friends after a HS game, or dance, while enjoying pizza, eclairs, Mexican sundaes, playing pinball, pool and foosball.

After 37 years of marriage she continued serving the community following Art's passing with the help of many family members. Nancy loved bowling with her sister and close friends, playing euchre and bingo, listening to Elvis music and spending endless hours in her flower garden.

She is survived by her children, Tina Fazzary Ector, Donna (John) Patykula, Dominick Jr. (Teresa) Fazzary, Michael (Jeannette) Fazzary and Jeffrey (Heidi) Fazzary; 14 grandchildren, Caleb (Mary), Elizabeth (Andrew), Nathaniel, Krista, Dylan (Kayla), Connor, Leah, Bloom, Gem, Sequoia, Ixchel, Quil, Gabrielle (Calvin) and Dominick; 6 great-grandchildren; brother-in-law Sam (Doris) Fazzary, James (Marie) Fazzary, sister-in-law, Reda Fazzary, along with several nieces and nephews.

She was predeceased by her husband, Dominick "Art" Fazzary; parents, Harold and Donna (Lilley) Mickel; step daughter, Diane Gamble; sister, Carol (Dominick) Schimizzi; and many greatly loved in-laws.

Relatives and friends are invited to call on Saturday, April 13, 2024 from 11:00 am to 2:00 pm at Vedder-Scott & Zinger Funeral Home, 122 N. Genesee St., Montour Falls, NY. Her funeral service will begin at 2:00 pm followed by burial in Holy Cross Cemetery. To leave the family a message of condolence, please visit www.vedderscottzinger.com

The family would like to thank the staff at Schuyler Hospital and Seneca View for their care and compassion during her final days. In lieu of flowers, donations can be made to the Alzheimer's Association at: act.alz.org.

Obituary

PRISCILLA MAY PIKE KELLY

Age 91 of Reynoldsville, NY passed away peacefully in Texas where she had been staying with family while undergoing cancer treatments. Priscilla took flight to Heaven on February 9, 2024. She joined her husband of 69 years, Donald Lee, parents Leon J. and Ruth H. Pike, brother Arvine J. Pike, and one of the many young men who were unofficially adopted into the family, son Robin McShane.

The family will receive friends at Royce-Chedzoy Funeral Home, 212 E. 4th St., Watkins Glen on Saturday (April 20th) from 11am-12pm; followed by a funeral service at 12pm. She will be laid to rest with a graveside service at the West Lodi Cemetery on Lodi Station Road in Lodi at 1:30pm that afternoon.

Priscilla is survived by her children, Donna Kelly-Smith (husband Donald), Keith W. (wife Diane), Kenneth R. (wife Charlene), Emery L. (wife Darlene). She was a proud Grandmother of 3 granddaughters, 2 grandsons, and 6 great-grandchildren.

Priscilla was a graduate of Watkin Glen High School and Jean Summers Business School. She worked at Cotton Hanlon in Odessa until becoming a full time mother to her four children and any young person that her children brought home in need of a meal or safe place to stay. Priscilla later returned to the work force finishing out her career at The Retired Senior Volunteer Program. After retiring from RSVP. She continued to serve as coordinator for the Golden Globe Newsletter for 45 years.

Priscilla was known as "The Cake Lady" by many as she was famous for her scratch baked wedding cakes. She always brought a cake to community events, weddings, birthdays, or other gatherings.

Priscilla attended Reynoldsville Methodist Church. She was a member of The Ladies Wednesday Afternoon Club. She was a founding member of The Burdett Community Players, later known as Lake Country Players, preferring to be behind the curtain rather than under the lights.

Priscilla had a servant's heart, caring for those in need and a lifetime of helping others. She was loved by those who met her regardless of how long or little they had known her. In lieu of flowers the family would like to honor Priscilla's request for donations to either Burdett Fire Department or Saint Jude's Children's Hospital.

Come Join the Fun**

Would you like to be part of a team that works closely with the Watkins Glen Public Library? Friends of Watkins Library (FOWL) is an organization of enthusiastic community members which sponsor a variety of programs and purchases that enrich the community through fundraising and volunteering. Some of the past programs sponsored were Books Sandwiched In, Compost Theatre Storytime, and scholarships for graduating high school seniors. Purchases included library tote bags, supplies for the children's programs, and new seating.

The FOWL Executive Board is seeking to increase its representation of the community by adding new members. The Board meets periodically throughout the year to make decisions about how best to support the Library with direct implementation of those ideas. If interested in joining the fun, contact FriendsOfThe-WatkinsLibrary@gmail.com or call the library at (607) 535-2346 and tell the staff of your interest.

Yes, those ears are absolutely ridiculous! And, As expected Pookie has an outgoing, fun-loving personality to match!

There will never be another dull moment in your home with this guy around. Pookie is just about a year old and full of puppy energy and an enthusiasm for learning. He's a smart, attentive guy, but may not always show it. He can be quite the goofball! If you're looking for a partner to enjoy life to the fullest and make the best of every day, you'll want Pookie by your side.

The adoption fee for adult dogs is \$225. All have been spayed or neutered, vaccinated for rabies, kennel cough, DH(L)PP, have had a complete fecal analysis, treated for internal and external parasites, are heartworm tested and on heartworm preventative and flea and tick preventative and are microchipped. SPRING HOME IMPROVEMENT LAWN & GARDEN

HOW TO RECOGNIZE WHEN IT'S TIME TO REPLACE YOUR WINDOWS

Windows are a major component of a home. Window installation professionals will tell homeowners that the average life span of residential windows is between 15 and 30 years. Most well-maintained products can last 20 years, so homeowners who have windows approaching that age may want to schedule a window assessment and possible replacement.

Replacing windows is a job that requires advanced skill, and this is not a do-it-yourself project. There are many qualified professional window installation companies that will work with homeowners

to measure, order and install windows that will fit with the style of a home and local weather, all while providing

features the homeowner desires.

For those wondering when to replace windows, Pella and Renewal by Andersen, two of the premiere window manufacturers, offer these guidelines.

- Difficulty opening and closing windows. A window that does not operate as it should can aggravate homeowners. If windows are sticking shut or cannot be securely closed, it's probably time for something new.

- There's apparent window damage. Accidents happen, and if a rock is kicked up from a lawnmower and cracks a window or if spring baseball practice has gone awry with an errant throw, windows may require replacement.

- Drafts in the window are common. If heating and cooling systems are working overtime, drafty, poorly insulated windows could be to blame. Various agencies can perform energy efficiency tests in a home. Windows that are determined to be the weak spots should

be replaced.

- Dated windows are present in the home. Older windows may pose safety hazards, especially those in older homes. A larger window may be needed to comply with fire safety codes allowing for window egress. Dated windows also may simply look "old" and compromise the aesthetics of a home.

- Outdoor noises are noticed quite readily. Newer windows can help reduce noise transmission. So those leaf blowers, airplanes, barking dogs, and kids playing basketball up the street won't disturb homeowners as they try to enjoy some peace and quiet indoors.

- Fading indoors is noted. Windows that do not feature low-emissivity (Low-E) glass coatings will not block UV rays. Those rays can cause fading to wood floors and furniture or pretty much anything the sunlight touches. Replacing existing windows with Low-E coating alternatives can safeguard belongings and improve window efficiency.

Window replacement may be necessary when existing windows are showing signs of aging or damage.

SAFETY CONSIDERATIONS WHEN PRESSURE WASHING

Water is essential to cleaning, but it can be an even more powerful asset when there is great force behind it. This is the concept behind pressure washers, which are tools that spray water at high pressure in order to clean an assortment of surfaces.

Pressure washers are typically used to clean siding, farm equipment, industrial machinery, concrete patios, and much more. The power behind pressure washers can cause injury. In fact, the Centers for Disease Control and Prevention says pressure washers can cause of a host of injuries, including:

- The strong spray can cause serious wounds. High-pressure water can cut through flesh.
- The fast, strong spray can strike objects and toss them powerfully into others who are close by.
- Electric shock may occur if the pressure washer is not used properly.
- The force from the washer can knock a person off balance, whether operating the tool on the ground or while on a ladder.

In most cases, injuries due to pressure washer usage are entirely preventable. Those who plan to use pressure washers should always do so with safety in mind. Here are some precautions to take.

- Identify potential hazards. Identify potential hazards with each different surface before beginning the job. Weather, personal fatigue, slippery surfaces and nearby electrical hazards can increase injury risk.
- Read the manual so you fully understand how to operate the washer. Read the instruction manual and practice using the tool before you put it to use on the task at hand. Learn how to operate the machine and all accessories. Figure out how to shut it off in a hurry. Determine if it is safe to use an extension cord on an electric model.
- Wear protective gear. Closed-toe shoes are a

must because the water spray can cause lacerations. Be sure the shoes are non-slip or work boots. Full-length pants and a long-sleeved shirt can protect users from flying debris. Wear eye protection whenever operating the washer. OSHA guidelines recommend a full face shield for water pressure higher than 2,000 psi to avoid eye or head injury. Waterproof gloves also are wise to provide better grip. Ear protection for a gas-powered pressure washer can protect against hearing loss.

Start off with the widest spray. Pressure washers often include various nozzles or nozzle settings that may range from a 65-degree mist to a zero-degree pinpoint jet. Most people never need to use the most intense jet sprays. Begin washing with the widest angle spray tip, from around two feet away, to test cleaning capabilities, and adjust nozzle and distance as necessary, according to PressureWasher.com

Pressure washers help clean any number of surfaces. Safety must always be the top priority when using these potentially dangerous machines.

WHAT ATTRACTS PESTS TO A HOME?

No homeowner wants pests to invade their homes or their yards. However, it's easy for pests to find their way into and around a home. In fact, certain conditions may be inviting pests to a property.

GARBAGE: Piles of garbage offer food and shelter to pests. Removing garbage piles and cleaning up food waste promptly can make a difference.

STAGNANT WATER: Mosquitoes breed in standing water, which is water not affected by waves, current or a filtration system. Anywhere water has pooled, mosquitoes may be

breeding.

MOISTURE OR STANDING WATER: Additional sources of water and moisture may attract pests like gnats, mosquitoes, stink bugs, and certain spiders. Damp areas are of particular concern, especially when combined with darkness.

FIREWOOD: Firewood may attract a variety of pests, including termites and weevils. Firewood also may contain eggs that were laid before trees were cut down. If firewood is needed, it should be stacked far away from a home.

CLOGGED GUTTERS: Ignoring clogged gutters can lead to pest problems. Mice,

squirrels, birds, ants, and spiders may be attracted to damp leaves in clogged gutters. Leaves offer shelter, nesting material and possible food sources of insect life.

DIRTY DISHES AND IN-DOOR TRASH: Leaving food-covered dishes in the sink invites pests. Leftover food at-

tracts cockroaches, flies, ants, and more. Even if time is short, it's best to wash dishes or load them into the dishwasher. Overflowing trash also draws pests into a home.

CLUTTER: Clutter provides hiding places for all sorts of rodents and insects, which can hide out in cluttered areas

and remain comfortable. Going room to room and clearing out extraneous items may help reduce pest populations. Focus on the garage and basement, in particular.

Pests are attracted to certain conditions, and remedying these issues can help reduce pest infestations.

M.R. HESS HOME WORKS, INC.
Empowering individuals, fostering community, strengthening families.

Our goals are simple: To include everyone. To give everyone a chance. To show everyone that there is compassion. To show everyone that they can last another day. To show everyone that they are important. To strengthen relationships, to make the individual stronger and foster community. This group meets each Monday evening via zoom, aiming to create connections for those that struggle with their mental health, either currently or in the past. Some participants come for one visit while others stay for weeks and build relationships. Some come just to get questions answered. Whatever your need, it's a safe, judgement free space to share, chat and feel connected. Please be sure to follow our Facebook page and visit www.MRHessHomeWorks.com for more information. Please note that if you are in crisis, calling the emergency numbers of 988 and 911 is the general recommendation. Finding someone to sit with, someone with whom you feel safe, is important. Texting the crisis line at 741741 can also be helpful. While we are more of a warm line, not manned 24/7, you are always welcome to call or text us. We will do our best to answer or get back to you as quickly as possible. Texting is often best.

**You are worthy.
You are important.
You are loved.
You are not alone.
Push through;**

VETERANS FOR SCHUYLER

Veterans for Schuyler Inc is a local non-profit group whose goal is to serve Veterans based in Schuyler County. We offer financial assistance for various Veterans needs including but not limited to, medical bills, gas, utilities, rent/mortgage expenses and other emergency funding. For a funding assistance application, visit Schuyler County VA, 323 Owego St Unit 2, Montour Falls, NY 14865; Catholic Charities of Schuyler, 105 9th St., Unit 20, Watkins Glen, NY 14891; Cab-

ins to Castles Real Estate, 317 N. Franklin St., Watkins Glen, NY 14891; or email/call: Kristine Gardner, Vice President - kgardner@co.schuyler.ny.us. 607-228-7624. To apply you must be a Veteran located in Schuyler County, NY. An application does not guarantee assistance. The board meets every 2nd Tuesday of each month to review applications (unless rescheduled). **VETERANS FOR SCHUYLER.**

988 SUICIDE & CRISIS LIFE-LINE. If you or someone you know needs support now, call or text 988 or chat 988lifeline.org. Talk with us. There is hope.

LEARN POWER, SAIL CRUISING SKILLS: A course in cruising skills will be offered by the Finger Lakes Chapter of America's Boating Club (ABC-FLX) starting in April. Cruising Under Power and Sail is a nine-week course that will help boaters to confidently and safely plan a cruise of any distance or duration. Weekly sessions will be on Thursdays from 7-9 p.m. starting April 25 and ending June 20. Classroom sessions will be at the Schuyler County Human Services Complex, 323 Owego St., Montour Falls. On-the-water sessions may be scheduled. The course will cover topics including equipment, safety gear, crew considerations, provisioning, anchoring, weather sources, chartering, emergencies and international travel. To register or for more information, contact Education Officer Katie Alley at seo@abc-flx.org. Course fees are \$95 for ABC-FLX members and \$155 for non-members. ABC-FLX, the Watkins Glen-based chapter of the nation's largest non-profit boating organization, is committed to promoting boating safety through a wide variety of classes in person, on the water and online. For more information, go to www.abc-flx.org or Facebook at "America's Boating Club-Finger Lakes Chapter."

Presenting:

"Fossenvue" a staged reading by Chris Woodworth

Saturday, May 11 @ 2:00pm
Finger Lakes National Forest - Caywood Point (rain or shine)

Logistics: The staged reading will occur in front of the Queen's Castle (aka Fossenvue) which is located on the shore of Seneca Lake at Caywood Point. Access to the point by trail is a 1/3 mile hike on a gravelled path. Slopes exceed 20% and it is physically demanding. Please bring your own chair.

Alternative transportation (via pontoon boat) will be offered departing from Smith Memorial Park in the Town of Hector. Reservations must be made by April 26 for pontoon transport (limit of 18 people).
A donation to the Burdett Fire Department is requested and appreciated!

For several decades Geneva suffragists Elizabeth Smith Miller and Anne Fitzhugh Miller, and many of their friends gathered on the shore of Seneca Lake at a summer camp they called "Fossenvue." Swimming, singing, writing, and suffrage strategizing filled their days and nights at Caywood Point.

Inspired by research conducted at Historic Geneva and in the Library of Congress NAWSA digital collections, as well as site visits to "Queen's Castle," playwright Chris Woodworth weaves together past and present. The play imagines the early days of Fossenvue and raises difficult questions about the legacies of race and suffrage activism today. How do we reckon with the echoes and reverberations of the predominantly white women's suffrage movement in the present? How do we acknowledge the harms of the past without denying or whitewashing? How do we grapple with these thorny questions while navigating the loving and tumultuous personal landscapes of families? At its core, *Fossenvue* is a play about mothers and daughters.
