Mike "Pops" was born on February 12, 1955, the son of Nathan Lester and Florence Smalley. He graduated from Watkins Glen High School in 1973. His greatest hobbies were dirt track racing and keeping up with the grandchildren! He loved racing the #002 stock car at the track in Dundee and spending time there with his family and good friends. He worked for Parmenter Tire, Auto, and Truck Services in Odessa for many years.

He was predeceased by his wife, Ida J. Smalley, on March 6, 2020; brothers, Gene, Tom and Robert; and sisters, Valnetta Crissinger and Sharon Bingell.

He is survived by his loving children, Michael C. (Rebecca) Smalley, Jr. of Shiloh, NC, and Jennifer Davis of Elmira Heights, NY; sister, Kathy Lynn (Samual) Ector of Watkins Glen; four grandchildren, Garrett, Cierra, Jonathan, and Ashley; five great-grandchildren, Hailey, Jayden, Jonathan, Autumn, and Anakin; and many nieces and nephews.

The family received friends at the Royce-Chedzoy Funeral Home, 212 E. 4th St., Watkins Glen on Monday (April 20th) from 2pm-3pm, followed by a memorial service celebrating his life at 3pm. A Celebration of Life was held immediately following at Reading Community Church in Reading Center; 2671 Church Rd.

If anybody would like, we are honoring Big Mike at Outlaw Speedway Friday night 17th April with a moment of silence and Prayer.

Memorial donations in his memory may be made to a charity of one's choice. You may express condolences to the family or leave a memory of Mike online in his guestbook at www.RoyceChedzoy.com

Medical Lab Professionals: An Unseen Influence in Your Care

When you think of a hospital, you probably envision doctors, nurses, and other white-coat wearing, patient-facing professionals. On the bottom floor of Arnot Health and Cayuga Health, members of Centralus Health, are science sleuths who play a critical role in patient care.

Microbiologists, like Corey Swingle, study microorganisms such as bacteria, viruses, algae, fungi, and some types of parasites.

"I'm glad I get to be part of the patient's care, making them feel better," says Cory Swingle, Clinical Laboratory Technician in Microbiology at Arnot Health, a Member of Centralus Health.

You may never see their faces, but if you go to Centralus Health for care,

chances are you won't leave the hospital without the help of someone from the lab. Turnaround time for lab testing can vary. Once your results come back, you can easily view your report on MyChart. Through the online patient portal, you can access test results as soon as they become available, rather than waiting for a phone call or letter from your healthcare provider. For more information on how to sign up, go to centralushealth.org/mychart.

Medical laboratories help doctors make definitive diagnoses by collecting and processing samples.

"One of the things I really enjoy is working with patients. We do get the chance to do inpatient phlebotomy, and going out of the lab is rewarding," says Brittany Rinker, Laboratory Assistant at Cayuga Health, a Member of Centralus Health.

Most medical laboratory professionals are rarely seen by patients, but they're an indispensable component of a well-functioning healthcare system.

Arnot Health and Cayuga Health have over 15 inpatient and outpatient blood draw stations across Central New York and the Southern Tier. Most Centralus Health lab specimens are processed at Arnot Ogden Medical Center, 600 Roe Avenue, Elmira, NY or Cayuga Medical Center, 101 Dates Drive, Ithaca, NY. For more information on laboratory hours and locations, visit centralushealth.org

MEET ROSEBUD

Name: Rosebud
 Sex: Spayed Female
 Age: 4 Years
 Breed: Terrier Mix
 Size: Medium

Do you believe in love at first sight? This adorable, compact package of love will instantly work her way into your heart. At four years old, Rosebud was removed from a difficult living situation, but holds no grudges about her past. She greets every day with joy and lives life fully. Affectionate, gentle and playful, she's a shameless little ham and a joy to walk on a leash. She enjoys the company of other dogs and while we haven't introduced her to the feline set yet, we have every reason to believe that she will be just fine with them.

The adoption fee for adult dogs is \$225. (each) All have been spayed or neutered, vaccinated for rabies, kennel cough, DH(L)PP, have had a complete fecal analysis, treated for internal and external parasites, are heartworm tested and on heartworm preventative

Stop in on Monday, Thursday and Friday from 10- 1, Saturdays from 10 - 4, Sundays from 2-5 without an appointment or call us at 607-594-2255 to schedule an appointment. Or, visit our website www.schuylerhumane.org to fill out an adoption application to get the process started.
