Obituary

MARION E. (MADIGAN) BARRON, 93, of Montour Falls, NY passed away on Monday, June 29, 2026 at Schuyler Hospital.

She was born in Olean, NY on April 7, 1933, the daughter of the late William H. and Mary H. (Thompson) McCann. Marion worked at Stone's Restaurant and Sar & Aggie's in Watkins Glen for many years.

Marion is survived by her son, Daniel D. Madigan of Bath, NY; grandchildren, Gidget, Douglas, Donovan, Danielle, Jonathan, Katina, Michelle and Roger; sisters, Marilyn Carey of MT and Marge of Rochester; several great grandchildren and great great grandchildren; and many nieces, nephews. She was predeceased by her daughter, Kathleen LeShure on December 30, 2017.

Relatives and friends are invited to call on Tuesday, July 7, 2026 from 12:30-2:30 pm at Haughey-Wood & Zinger Funeral Home, 122 N. Genesee St., Montour Falls, NY. Burial will follow in Holy Cross Cemetery in Watkins Glen, NY. To leave the family a message of condolence, please visit www.haugheywoodzinger.com

MEET BART

Sex: Neutered Male
Age: ~5 years
Breed: Hound/Mix
Size: Medium

Love that expression! Inquisitive and attentive. That's Bart's expression most of the time, unless he's overjoyed, then it's a full-on smile. Bart promises to be a great overall canine companion. While he may be five years old his behaviors are still quite puppy-ish (in a good way). Since he arrived, he hasn't met anyone who is not his new best friend. If you are looking for a dog who is a great walking partner and always up for adventure, Bart may be your guy! He's the dog who will be by your side whether you're out for a walk, hanging out by the woodstove or riding around in a pickup truck. He seems to be fairly respectful of cats but would prefer to be your only canine.

The adoption fee for adult dogs is \$225. All have been spayed or neutered, vaccinated for rabies, kennel cough, but he now with us waiting to begin his next chapter. While he may be five years old, his behaviors are still quite puppy-ish (in a good way) as are his expressions. Since he arrived, he hasn't met anyone who is not his new best friend. If you are looh, DH(L)PP, have had a complete fecal analysis, treated for internal and external parasites, are heartworm tested and on heartworm preventative and flea and tick preventative and are microchipped. Stop in on Monday, Thursday and Friday from 10- 1, Saturdays from 10 - 4, Sundays from 2-5 without an appointment or call us at 607-594-2255 to schedule an appointment. Or, visit our website www.schuylerhumane.org to fill out an adoption application to get the process started.

The Humane Society Shelter is located at:
124 Marina Drive, Montour Falls, NY
607-594-2255 • info@schuylerhumane.org

NY Rescue Registration: RR173
We are proud to be a United Way Agency

Centralus Health
ArnotHealth Cayuga HEALTH

**Keeping Pesky Pests Away:
Tips for Tick Prevention**

Ticks are a primary source of food for animals like opossums, reptiles, and ground-feeding birds. For humans, they're nothing more than a nuisance. If you spend time hiking, camping, or picnicking in wooded areas or places with tall grass, there's a good chance a tick might hitch a ride on your clothing or skin. When they do, finding them can be a challenging task.

"Ticks are the size of a poppy seed or sesame seed," says Dr. Justin Nistico, Infectious Disease Specialist at Arnot Health, a Member of Centralus Health.

If you see one on you, it's important to remove it quickly. It may be tempting to pinch them by hand, but common tricks to remove ticks aren't the best option to get the burrowing bugs off you.

"You don't want to smother the tick. You don't want to burn the tick. You don't want to drown the tick in alcohol," says Dr. Dylan Kellogg, Emergency Physician at Arnot Health, a Member of Centralus Health.

Instead, healthcare experts recommend removing the entire tick in one swift pluck.

"You're going to take tweezers, get to

the base of where the tick is, and pull straight. No bending and no twisting to remove them," says Dr. Nistico.

Having the tiny external parasite might make your skin crawl, but they aren't an immediate cause for concern, with most bites not requiring immediate emergency care. Most bites can be handled by your primary care provider.

"See your doctor if it's been on you for more than 36 hours or if you experience flu-like symptoms," says Madison Coss, Physician's Assistant at Arnot Health, a Member of Centralus Health.

Cayuga Health offers primary care services at 40 Catherwood Road, Ithaca; 905 Hanshaw Road, Ithaca; 401 Cayuga Park Lane, Ithaca; 260 Tompkins Street, Cortland; 2138 West Seneca Street, Ovid; 220 Steuben Street, Montour Falls, and 217 N. Aurora Street, Ithaca. Arnot Health offers primary care services at 100 John Roemmelt Drive, Horseheads; 418 S. Hamilton Street, Erwin; 600 Roe Avenue, Elmira; 309 Hoffman Street, Elmira; 15 Community Drive, Addison, and 455 Maple Street, Big Flats.

Ticks can be the size of a sesame seed, making them hard to detect without a thorough self-examination.
